ABOUT US

Arc 11 Architect is a multidisciplinary design studio based in South West Delhi, offering integrated Architecture, Construction, Interior, and Turnkey Solutions.

We specialize in refined concept development, precise working drawings, premium material selection, and seamless on-site execution.

With a strong focus on natural materials, modern aesthetics, and meticulous detailing, we create functional, timeless, and well-crafted spaces.

OUR PHILOSOPHY

MISSION

To collaborate closely with clients, transforming ideas into meaningful, modern, and beautifully crafted built environments.

VISION

To create timeless, functional, and refined spaces where architecture, interiors, and landscape work together seamlessly.

VALUES

Client-focused collaboration that transforms ideas into meaningful architecture

OUR VALUES

Design Excellence

We strive for refined, timeless designs that elevate everyday living.

Integrity & Transparency

We maintain honest communication and clear processes at every stage of the project.

Craftsmanship & Detailing

We focus on precision and high-quality detailing to ensure enduring built spaces.

Sustainability & Natural Materials

We prioritize eco-conscious choices and the thoughtful use of natural materials.

Innovation & Adaptability

We embrace new ideas, technologies, and methods to create future-ready designs.

Client-Centric Approach

We listen deeply and shape every project around the client's lifestyle, aspirations, and comfort.

SOME OF OUR PROJECTS

PRIVATE VILLA, TRONICA CITY, GHAZIABAD

Modern Classical Luxury Residence | Turnkey Architectural & Construction

Designing Eclectic Spaces

A 8,000 sq. ft. private villa in the heart of Tronica City reflects our firm's expertise in delivering high-quality, end-to-end architectural and construction solutions.

Designed on the lines of **Modern Classical style**, the residence combines timeless elegance with contemporary comfort.

Our team managed the entire project from concept and structural planning to interior execution and final finishing using **premium imported materials** and meticulous craftsmanship. Every design element, from the façade to the landscaping, was crafted to achieve a refined and luxurious living experience.

3BHK, MODERN MINIMAL

Modern Minimal Apartment, Noida

At Arc 11 Architect, we designed and executed this modern minimal apartment in Noida with a focus on clean lines, functional elegance, and a calming aesthetic.

The space is crafted around a neutral palette, seamless storage solutions, and refined material choices that highlight the beauty of simplicity.

From an architectural standpoint, the project incorporates a balanced interplay of volumes, textures, and proportions to achieve spatial cohesion. We used restrained materiality, including matte finishes, natural veneers, and concealed hardware, to maintain a clean visual hierarchy. The integration of built-in cabinetry, floating elements, and minimalistic lighting systems supports both functional efficiency and aesthetic continuity.

AIIMS EXTENSION BLOCK, NEW DELHI

National Referral & Research Institute for Higher Dental Studies (NaRRIDS), Expansion of CDER, AIIMS, New Delhi

Arc 11 Architect had the privilege to work on the *National Referral & Research Institute for Higher Dental Studies (NaRRIDS)*, the expansion of CDER at AIIMS, New Delhi, for HSCC.

Our scope included preparing RCP layouts, detailed electrical and plumbing drawings, 3D Renderings and superimposed coordination plans to ensure smooth integration of all services.

We also handled the complete MCD sanctioning and approval process, ensuring full compliance with municipal and regulatory standards. This project reflects our expertise in technical documentation, multi-disciplinary coordination, and statutory approvals for complex institutional developments.

OUR CLIENTS

Creating meaningful spaces through
material, light, and vision.
